MEETING SCHEDULES

Narcotics Anonymous

Region 51: serving Southern Nevada

July to September 2010

PI / H&I version: Meeting Schedules

We are a non-profit fellowship or society of men and women for whom drugs had become a major problem...who meet regularly to help each other stay clean. We are not affiliated with any other organizations; we have no fees or dues, pledges to sign, no promises to make to anyone. Our only promise is freedom from active addiction; our only goal is that no addict seeking recovery need ever die.

Narcotics Anonymous provides a recovery process and support network inextricably linked together. Narcotics Anonymous states that one of the keys to its success is the "therapeutic value" of addicts working with other addicts. Members share their successes and challenges in overcoming active addiction and living drug-free productive lives through application of the principles contained within the Twelve Steps and Twelve Traditions of NA. The core of the Narcotics Anonymous recovery program is the Twelve Steps, which include admitting there is a problem, seeking help, engaging in a thorough self-examination, confidential self-disclosure, making amends for harm done, and helping drug addicts who want to recover. Central to the program is an emphasis on what is referred to as a "spiritual awakening," emphasizing its practical value, not its philosophical or metaphysical import. Narcotics Anonymous itself is non-religious and encourages each member to cultivate an individual understanding, religious or not, of this "spiritual awakening." Narcotics Anonymous is not affiliated with other organizations, including other Twelve Step programs, treatment centers, or correctional facilities. As an organization, NA does not employ professional counselors or therapists. Narcotics Anonymous has no residential facilities or clinics, and does not provide vocational, legal, financial, psychiatric, or medical services. NA has only one mission: to provide an environment in which addicts can help one another stop using drugs and find a new way to live.
